DEPARTMENT OF BOTANY

REPORT ON TREE PLANTATION PROGRAMME

Date: 11 August 2026

Organized by	Department of Botany
Participants	B.Sc. Botany students
Date	11 August 2026
Time	Around 2:22 PM (as recorded in the photograph)
Venue	College campus

Introduction

The Department of Botany, Dr. Rafiq Zakaria College for Women, Chh. Sambhajinagar, organized a tree plantation programme on 11 August 2026 on the college campus. The activity was carried out with the active participation of B.Sc. students and faculty members with the objective of promoting environmental awareness, biodiversity conservation and the importance of green spaces in the campus.

Objectives

- To promote awareness about the importance of trees and environmental conservation.
- To encourage students to participate in practical environmental activities.
- To enhance greenery and biodiversity within the college campus.
- To develop a sense of responsibility towards sustainable development and a healthy environment.

Programme Activities

Students and faculty members participated in the plantation activity and planted young trees within the campus. The photographs document the participation of students and faculty, as well as the plantation work carried out at the site. The activity provided students with hands-on experience and reinforced the message of conserving and nurturing plants.

Outcome

The programme successfully created environmental awareness among the participating students and encouraged collective responsibility for maintaining the college's green surroundings. The activity also supported the Department of Botany's efforts to promote sustainable and eco-friendly campus practices.
